We have had to rely entirely on our own correspondents, as the comptroller-genera is not allowed under the new constitution open any official returns before the legislature meets. Consequently while a gree many counties have sent in their returns, signed and stamped, they cannot be opened and we are left to our own re-sources. Happily these are so ample that we are enabled to present retur from all except five or six counties. These returns, as explained above, are not "of cial" in the sense of having been sent under the managers' names, but they are cor rect, and are sent to us as the "official" vote we have put simply the majority. It will be seen that as far as the full returns rote to Governor Colquitt especially light. It is not certain that Mr. Norwoo

The New York court of appeals has decided in favor of the legality of the marriage contracted by the late William R Hynes. a wealthy citizer, with Mrs. May F. Saunders in 1871 while in London. He gave her a ring in the presence of witnesses, and told her he would recognize her as his lawful wife so long as she remained a true and honest woman. He repeated the eteremony while crossing the channel, and repeated his declaration in France. She remained with him up to his death, in 1874; but the sisters of Mr Hynes refused to recognize her or her children as legal heirs, and litigation ensued as to the validity of the marriages. The decision of the gourt of appeals confirms the decisions of the two lower courts, and the sisters of the deceased will have to vacair the property owned by their deceased brother and account for the profits derived from the estate since his death.

Edwin Freeman, of Norton, Mass., says:

"I have suffered the most excruciating pain in my kidneys for years, and physicians or medicine could not relieve me until about three years since I commenced taking HUNT'S REMEDY. I purchased a bottle at Blanding's drug store in Providence, and I took the first dose there, and after using one bottle I was free from all pain, and alternish its was three years as I have seen one bottle I was free from all pain, and although this was three years ago, I have seen no trace of disease and have not had to take any medicine since. I believe Hurr's Remeny to be the best kidney and liver medicine ever known, and I cheerfully recommend it to all sufferers from this terrible disease."

I take pleasure in stating that I have used your Medicated Stock Feed on a very poor cow, with great success. She looks much better now, gives a great deal more milk and is much superior. I therefore, recommend this remedy to all who wish to improve their stock—cattle and horses, as it is truly what it is represented to be.

I take pleasure in stating that I have used your Medicated Stock Feed both on horse and cattle and with great success, especially on a very poor cow, which I bought at auc tion. She gives now over two gallons of milk, with a good prospect of increasing. Notwithstanding the prejudice I entertained for other powders that I had tried, and which proved worthless, I do not hesi atte to indorse your invention as being all you claim for it.

We have been manufacturing Schoenfeld's Improved Stock Feed for two years, and have never sold an article that has given better satisfaction. It is still that is claimed for it, and no owner of stock should be without it. Price, 25 cents for one pound nockages.

THE ROME EXCHANGE.

in a Manner Scarcely Noticeable, 25 cents per

The Rome Tribune says of the branch of the Atlanta produce and cotton exchange in that city: "We think Rome can be ruly thankful for the above addition to our growing city and with price we look upon this enterprise, which to day places and vertisement in our columns, knowing full well that it will advance our interests and be of great advantage to our people."

The success of the Atlanta exchange has been a matter of surprise even to its best friends. Messre, J. F. Cummings & Co. have made it the first institution of the kind in the south and are now furnishing the people of Georgia with facilities for speculation equal to any in the United States. By their enterprise and s. raightforward dealing they have built up a business extending from Charlotte to New Orleans. The new branch in Rome will give them additional territory, which they will cover a seffectually as they have that around Atlanta. The Rome exchange will have every facility enjoyed by the big institution in Atlanta Contracts in cotton, grain or meat, can be unade on most advantageous terms and on such commissions as those doing business with the New Yark and Chicago exchanges with the New Yark and Major Cummings has met and this off shoot of one of Atlanta's best enterprises, and look for a brilliant career for the firm of J.P. Is claimed for Governor Co'quitt in the state, and it is further claimed, and truly too, that seven thousand people pass in and out of Dougherty's palace store on Peach tree street each dey.

It is indeed wonderful to stand in front of this establishment and see the vast throng of customers passing in and out, and so see the stray of carriages stropping there in the midst of all this swaying crowd there is no confusion or disorder, but the most perfect harmony and system prevail throughout the entire store.

When all other business houses of our busiling city are most quiet it is food and pasttime for a reporter to enter this grand establishment, to throw open his mouth and eyes and become electrified, anniest the buzz and rush of business.

The first impression is that everybody from city and country are here and that this is surely the grand distributing mart for the entire state. Strangers visiting the city and those out shopping should not fail to stop in and see this emporium. for it is here that business and pleasure are seen in full harmony with each other—for where there is such perfect order there can but be pleasure in making purchases.

The well known and popular Marietta street merchants. Brown Bros., have recently moved from their old stand at 126, to the new and elegant store at 144 Marietta street, where they will continue to keep a large and choice stock of fancy and staple groceries. These gentlemen are noted for their affable ways and honorable dealings, and are meeting with an increased patronage in their new quarters. The Constitution would have a nice, large sidvertisement from them this morning, but every time the reporter called at the store the proprietors were in such a rush of business that they found no time to write it out.
